

AUTUMN TERM 2026 (Extra-curricular activities)

AFTER SCHOOL CLUBS (internally run)

- A range of after-school clubs and events – some long-standing ones and other newer ones - will be run during the Autumn term by school staff. Information about these clubs and events will be shared on a club-by-club and event-by-event basis with families via e-mails from the school office.
- Changes to the after-school club structure have been made so that we can offer a wider range of opportunities to a wider range of children.
- A number of lunchtime clubs will also be running. Information about these clubs will be shared with children during the school day and attendance at these clubs will be arranged and supported internally.

AFTER SCHOOL CLUBS (run by external providers)

(Applications for these clubs – and other communications – should be made using the individual club contact details listed below.)

- We are looking to expand the number of externally-run clubs available to families after school. Any information regarding new clubs will be shared with families via e-mails from the school office.
